

Course Objectives:

This program was designed to;

- ❖ Provide continuous education to Critical Care nurses to maintain and augment their current knowledge.
- ❖ Present current Evidenced Based Practice.
- ❖ Educate and ignite the learner's need for knowledge.

Participant Objectives:

- ❖ Describe the indications for deep brain stimulation.
- ❖ Identify a systematic approach to pacemaker analysis.
- ❖ List three new innovations in interventional radiology for the ICU patient.
- ❖ Identify techniques to improve professional communication.
- ❖ List those medications commonly utilized in the ICU that contribute to ICU delirium.

No Commercial Support was received for this Educational Activity.
