Graduates of International Medical Schools
Attestation as to Site and Duration of Clinical Clerkships

In order for graduates to be eligible for post-graduate training in New York State, their medical school training must not include more than 12 weeks of clerkships outside the country where their medical school is located. Exempt from this policy are graduates of medical schools which have been approved by the New York State Education Department for external clerkships totaling more than 12 weeks. These are listed as footnoted below.[1]

Please provide the following information and return this form to the Winthrop residency program's academic coordinator. Please note that "External" refers to a clerkship that takes place outside of the country in which the medical school is located.

Medical School: _____ Country: _____

- ❑ **I HAVE DONE NO CLERKSHIPS OUTSIDE OF THE COUNTRY WHERE MY MEDICAL SCHOOL IS LOCATED.**

- ❑ **I HAVE DONE CLERKSHIPS OUTSIDE OF THE COUNTRY WHERE MY MEDICAL SCHOOL IS LOCATED, AS INDICATED BELOW:**

EXTERNAL CLERKSHIPS

External Clerkship by Name:	Dates of Clerkship:	Site of Clerkship (Institution and Country)

I attest to the fact that the above information is accurate.

_____ _____ _____

Name (PRINT) **Signature** **Date**

Winthrop Residency Program: _____
