We Recognize Sometimes Everyone Needs Help With Their Cancer Care

Please allow our Breast Health Center Social Worker to:

- Provide individual and/or group emotional support to you, your family and/or caregivers
- Help you find ways to lessen the expense of getting to and from treatment
- Guide you through the application process for financial and legal assistance
- Troubleshoot insurance issues
- Assist you with accessing local resources and support (including wigs, prosthesis, etc.)
- Refer you for wellness programs like yoga, meditation and social activity groups
